Directors' Review Report

Dear Shareholders

The Directors of Arif Habib Corporation Limited (AHCL) are pleased to present the Directors' report of the Company together with the interim condensed unconsolidated and consolidated financial statements for the nine months period ended 31st March 2016.

Financial Results

During the nine months under review, on unconsolidated basis, AHCL recorded an operating revenue of Rs.1,081.55 million (9mFY15- Rs.4,443.21 million) which includes dividend income of Rs.336.89 million (9mFY15- Rs.264.77 million), net gain on sale of securities amounting to Rs.1,515.23 million (9mFY15- Rs.48.31 million) and net deficit on remeasurement of investments amounting to Rs.972.47 million (net remeasurement gain for 9mFY15- Rs.3,902.28 million). After accounting for operating, administrative and financial expenses of Rs.312.01 million (9mFY15- Rs.312.19 million), the Company earned a profit before tax of Rs.998.75 million (9mFY15- Rs.4,050.64 million). The Company has reported an after-tax profit of Rs.724.93 million for the nine months under review as compared to the net profit of Rs.3,946.70 million for the corresponding period ended 31st March 2015. This translates into earnings of Rs.1.60 per share as compared with Rs.8.70 per share in the corresponding period during 2014-15.

During the third quarter of the current financial year, AHCL recorded a loss after tax of Rs.2,196.19 million (profit after tax for 3QFY15- Rs.1,044.84 million), mainly on account of unrealized diminution on remeasurement of investment in Fatima Fertilizer Company Limited, an associate.

Performance of Subsidiaries and Associates

During the period under review, the performance of our investee companies has been somewhat mixed. MCB Arif Habib Savings & Investments Limited and Arif Habib Limited have performed satisfactorily despite the flat condition of the securities market. In the fertilizer sector, both Fatima Fertilizer Company Limited and Pakarab Fertilizers Limited achieved their highest ever production in a quarter, with all plants performing better than expectation, however during the period under review, there were some expectations of subsidies on fertilizer products and the distributors had held back their offtake of fertilizer; thus the sales volumes remained low resulting in decreased profitability for Fatima. However, Pakarab Fertilizers Limited, which was unable to produce fertilizers owing to the non-availability of gas in the previous year, fared better due to the availability of RLNG during the period under review. The other associated companies, Aisha Steel Mills Limited, Power Cement Limited and Javedan Corporation Limited have performed satisfactorily, while, wholly owned subsidiary, Sachal Energy Development (Pvt.) Limited has commenced construction of the wind-power project and is expected to be complete in twelve months' time.

Economic Review

Pakistan's economy continued to show signs of improvement in its macroeconomic fundamentals. The value of Rupee remains stable with sustained foreign exchange reserves at 5 months import coverage. Inflation at 2.7% has been low. The State Bank's policy rate has remained at 6.5% and remittances from non-resident Pakistanis grew by 6.0% to USD 14,378 million in the nine months. However, exports were down 9.1% and imports were down 5.2%. Furthermore, the IMF programme is on track and the credit rating outlook is positive.

Future Outlook

Going forward, we have a positive stance on the economy, as the Government has indicated its intention to now focus on increasing growth after having achieved macroeconomic stability. The sustained low inflation along with the improvement in the current account deficit and low interest rates are expected to attract further investment. The China Pakistan Economic Corridor (CPEC) is expected to stimulate activity in the construction and power sectors resulting in a ripple effect for overall economic growth.

All our investee companies are likely to benefit from the anticipated growth programmes of the government. The fertilizer companies are expected to have better sales during the current quarter, which should result in realization of the profitability in the inventories brought forward, as apart from the start of the new season, international prices have improved from their previous lows.

In light of the above stated factors, your Company is expected to deliver satisfactory results.

Acknowledgement

We are grateful to the Company's stakeholders for their continuing confidence and patronage. We are appreciative of our Bankers, Business Partners, the Securities & Exchange Commission of Pakistan, the State Bank of Pakistan, as well as the management of the Pakistan Stock Exchange for their support and guidance. Last but not the least, we acknowledge and appreciate the hard work put in by the employees of the Company during the period.

For and on behalf of the Board

Arif Habib

2. BASIS OF PREPARATION

2.1 Statement of compliance

This condensed interim unconsolidated financial information for the nine months period ended 31 March 2016 has been prepared in accordance with the requirements of International Accounting Standards 34 "Interim Financial Reporting" and provisions of and directives issued under the Companies Ordinance, 1984. In case where requirements differ, the provisions of or directives issued under the Companies Ordinance, 1984, have been followed.

This condensed interim unconsolidated financial information does not include all the information required for full annual financial statements and should be read in conjunction with the audited annual unconsolidated financial statements of the Company as at and for the year ended 30 June 2015.

The comparative Balance Sheet presented in this condensed interim unconsolidated financial information has been extracted from the audited annual unconsolidated financial statements of the Company for the year ended 30 June 2015, whereas the comparative condensed interim profit and loss account, condensed interim statement of comprehensive income, condensed interim cash flow statement and condensed interim statement of changes in equity are extracted from the unaudited condensed interim unconsolidated financial information for the period ended 31 March 2015.

This condensed interim unconsolidated financial information is unaudited and is being submitted to the shareholders as required under section 245 of the Companies Ordinance, 1984.

This condensed interim unconsolidated financial information is presented in Pakistan Rupees which is also the Company's functional currency and all financial information presented has been rounded off to the nearest rupee.

This condensed interim unconsolidated financial information has been prepared on the basis of a single reportable segment.

2.2 Basis of measurement

This condensed interim unconsolidated financial information have been prepared under the historical cost convention, except for investment property, derivatives, investments classified as 'held for trading', 'available for sale' which are stated at fair value and assets classified as 'held for sale' which are measured at lower of fair value less cost to sell and carrying amount.

3. ACCOUNTING POLICIES

3.1 The accounting policies and the methods of computation adopted in the preparation of this condensed interim unconsolidated financial information are the same as those applied in the preparation of audited annual unconsolidated financial statements of the Company as at and for the year ended 30 June 2015.

During the period certain new standards, amendments to existing standards and interpretations became effective which were either not relevant or not having significant impact on Company's accounting policies except for IFRS 13 'Fair Value Measurement' which resulted in additional disclosure with respect to financial instruments.

Notes to the Condensed Interim Unconsolidated Financial Information (Unaudited)

For the nine months period and quarter ended 31st March 2016

3.2 Change in accounting policy - fair value measurement

IFRS 13 establishes a single framework for measuring fair value and making disclosures about fair value measurements when such measurements are required or permitted by other IFRSs. In particular, it unifies the definition of fair value as the price at which an orderly transaction to sell an asset or to transfer a liability would take between market participants at the measurement date. It replaces and expands the disclosure requirements about fair value measurements in other IFRSs, including IFRS 7. Some of these disclosures are specifically required for financial instruments hereby affecting condensed interim financial information and have been disclosed in Note 18.

In accordance with the transitional provisions of IFRS 13, the Company has applied the new fair value measurement guidance prospectively and has not provided any comparative information for new disclosures. Notwithstanding the above, the application of IFRS 13 has not materially impacted the fair value measurement carried out by the Company.

4. ACCOUNTING ESTIMATES AND JUDGEMENTS

4.1 The preparation of condensed interim unconsolidated financial information requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reporting amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience. Actual results may differ from these estimates.

4.2 The significant judgements made by management in applying the Company's accounting policies and the key sources of estimation uncertainty were the same as those applied to the audited annual unconsolidated financial statements as at and for the year ended 30 June 2015.

18. FINANCIAL RISK MANAGEMENT AND FINANCIAL INSTRUMENTS

The Company's activities expose it to a variety of financial risks: market risk (including currency risk, fair value interest rate risk, cash flow interest rate risk and price risk), credit risk and liquidity risk. This condensed interim unconsolidated financial information does not include all financial risk management information and disclosures required in the audited annual unconsolidated financial statements; they should be read in conjunction with the Company's audited annual unconsolidated financial statements as at 30 June 2015 as financial risk management objectives and policies are consistent with the prior year.

Financial Instruments carried at fair value

Fair value hierarchy

The table on the next page analyses financial instruments carried at fair value, by valuation method.

The different levels have been defined as follows:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1).

Notes to the Condensed Interim Unconsolidated Financial Information (Unaudited)

For the nine months period and quarter ended 31st March 2016

- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (Level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (Level 3).

	Level 1	Level 2	Level 3	Total
	(Rupees)			
31 March 2016				
Financial assets at fair value through profit or loss				
Equity securities	16,133,196,385	-	12,150,000,000	28,283,196,385

Equity securities	100,000	-	-	100,000
Financial Liabilities				
Put option and option arrangement	-	-	115,375,586	115,375,586

The Company has an established control framework with respect to the measurement of fair values. The Company's finance department performs the valuations of financial assets required for financial reporting purposes, including Level 3 fair values. The Company engages valuation expert to assist in performing level 3 valuations. The fair value of a security listed on the stock exchange is valued at the closing price at the measurement date. For unquoted equity securities, the fair value is determined using a valuation techniques including discounted cash flow method. Assumptions and input used in valuation techniques include risk free rate, bond and equity prices, foreign currency exchange rates etc. Valuation models for valuing securities for which there is no active market requires significant unobservable inputs and a high degree of management judgment and estimation in the determination of fair value. Management's judgement and estimation are usually required for selection of the appropriate valuation model to be used, determination of expected future cash flows on which the financial instrument is being valued and selection of appropriate discount rates, etc.

Assumptions and inputs used to determine level 3 fair value measurement is same as in the previous year and no significant / material changes occurred in valuation assumptions and inputs during the period. The Company has the policy to recognize transfers into and transfers out of fair value hierarchy levels as on the date of the event or change in circumstances that caused the transfer. There were no changes in valuation techniques and no transfer in and out of fair value hierarchy occurred during the period.

10. REPORTABLE SEGMENTS

10.1 The group has three reportable segments: Capital Market Operations, Brokerage and others. The capital market operations' segment is principally engaged in trading of equity securities and maintaining strategic and trading portfolios. The brokerage segment is principally engaged in brokerage, underwriting, corporate consultancy, research and corporate finance services. Others includes assets of energy development entity.

10.2 The accounting policies of the operating segments are the same as those described in the summary of significant accounting policies in the last published annual audited consolidated financial statements for the year ended 30 June 2015. The group evaluates performance on the basis of profit or loss from operations before tax expense not including non-recurring gains and losses and foreign exchange gains and losses. The group accounts for intersegment sales and transfers as if the sales or transfers were to third parties, i.e. at current market price unless disclosed otherwise.

10.3 The group's reportable segments are strategic business units that offer different products and services. They are managed separately because each business requires different technology, professional skills and marketing strategies. Most of the businesses were acquired as individual units, and the management at the time of the acquisition was retained.

10.4 The group does not allocate tax expense / tax income or non-recurring gains and losses to reportable segments. In addition, not all reportable segments have material non-cash items other than depreciation, amortization and remeasurement of equity and debt instruments in profit or loss.
